University of the Southern Caribbean is committed to equal education opportunities for all and does not discriminate among its students or applicants. Applicants who meet the admission standards and character requirements of the University, and express a willingness to cooperate with the University's policies and adjust congenially to its religious, social, and cultural atmosphere may be accepted.

Every effort has been made to ensure the accuracy of the information in this schedule. Students are advised, however, that these provisions do not constitute a contract between a student and the University of the Southern Caribbean and that attendance at the University is a privilege and not a right.

The University faculty and administration reserve the right to institute and give public notice of such changes as they deem necessary during the period for which this schedule is in effect. All changes must be authorized by the Vice President for Academic Administration.

---	---

Every student is required to file an application for admission and have a letter of acceptance from the Admissions Office.

The University reserves the right to cancel courses due to insufficient registration and to alter the time schedule.

Courses numbered 101 to 199 are offered for students in their freshman year; those numbered 201 to 299 for the sophomore year; those numbered 301 to 399 for the junior year; and those numbered 401 to 499 for the senior year.

Although late registration is permitted, the course load is reduced one credit for every week or fraction thereof missed. Any student who fails to register during the regularly scheduled registration period is charged a late registration service fee as outlined in the Manual of Charges provided by the Business Office.

Careful planning in course selection results in few, if any, registration changes. Advisors are available for counsel; nevertheless, the student is held responsible for an acquaintance with the requirements as stated in the Bulletin.

ADVISORS

While students may feel free to seek counsel from staff members at all times, it is to the students' advantage at the time of registration to receive special assistance in matters of curriculum requirements and defining the general outline of a good academic program. While planning his/her program, the student is assigned an academic advisor who is available for consultation.

PRE-REQUISITES

Some degrees and classes require pre-requisites. Pre-requisites are listed with course descriptions in the University's Bulletin. Students will be required to withdraw from classes for which they have not met the pre-requisites.

LAB FEES/LECTURE NOTES & LAB MANUALS

Please check the schedule for the courses that you are required to pay lab fees. Further details can be obtained from the departments.

CHAPEL/ASSEMBLY

Chapel/Assembly is held on Mondays at 3:05 - 4:20 p.m. and 5:35-6:10 p.m., in the Auditorium. Attendance is required of all students and a record is taken. Absences that are excusable must be submitted to the Vice President for Student Development and Services within a week after the absence occurs.

ATTENDANCE REGULATIONS

- Students are required to attend all scheduled classes and laboratories.
- Students must sign the daily attendance records provided by lecturers.
- Any irregularity of attendance may result in lowering a student's course grade.
- Neither absence nor leave of absence relieves the student from responsibility for the required work in class or laboratory.
- Three tardiness are counted as one absence
- The instructor applies the above regulation and determines the final grade.

COURSE LOAD

Correspondence courses or work being done towards the removal of an incomplete are considered in calculating the total study load. Non-credit courses are counted at full value of the student's load. A student's course load will be governed by his/her financial status and work program. The following guidelines are recommended for working students.

<u>COURSE LOAD</u>	<u>WORK LOAD</u>
1 - 11 credits	20-30 hours per week
12 - 16 credits	16-20 hours per week

Students with poor performance in work or study will be asked to re-adjust their schedule or to withdraw from the university. Students on academic probation for the first time may not register for more than twelve (12) credits. Those on academic probation for two consecutive semesters will have their loads further reduced to eight (8) credits. Those on academic probation for three (3) consecutive semesters will be asked to withdraw from the university for one academic year. Foreign students may not register for less than 12 credits without the permission of the Vice President for Student Development and Services. Students are permitted to register for a maximum of twelve (12) credits only in the Third Semester/Summer.

COURSE OVERLOAD

Students with good performance in study may be allowed to take extra credits with the approval from the School Deans, according to the following guidelines.

<u>Overall GPA</u>	<u>Course Load</u>
3.00 - 3.49	17 credits
3.50 - 3.89	18 credits
3.90 - 4.00	19 credits

Before a student can register for an overload he/she should collect an Overload Form from the Registrar's Office and obtain all the necessary approval. Students will not be allowed to do an overload if they do not have the required GPA. No overloads are permitted in the Third Semester.

CLASS CONFLICTS

Students should not be advised to register for two classes, which convene at the same time.

ADMISSION TO CLASSES

No student will be admitted to a class without evidence of being properly registered for that class.

CREDIT BY EXAMINATION (CBE)

Credit by Examination is a legitimate means by which students may earn academic credits. In this regard, please note the following:

- ✍ CBE is not a means by which failing grades can be changed.
- ✍ CBE assumes prior knowledge on the part of the student, and documentary proof of such must be provided with the CBE form.
- ✍ CBE's must be done during the first year of study.
- ✍ CBE must be administered within the first two weeks of the semester (see Calendar of Events).
- ✍ The University is under no obligation to give instructions to students for CBE.
- ✍ Grades awarded for courses completed by CBE are S (satisfactory) or U (Unsatisfactory). They are not used in computing GPA's. Be advised that this can be a disadvantage.

INDEPENDENT STUDY

All pre-designated "independent study" courses must be properly registered for making use of the special card obtainable at the Registrar's Office.
