The Student's Permit Process:

1. The student returns the Student Permit Application Forms with all the supporting documents and copies to the office of ISS Office;
2. The Extension Form is then taken to Immigration Office in Port of Spain to be File Checked;
3. After the form is File Checked, USC is given a date to return to Immigration to begin the process of applying for student permits;
4. Once the student permit application is approved and accepted by Immigration, it is then paid for;
5. The application then goes through for processing and the necessary checks from the various officers;
6. When the permit is ready, another date is given to return to Immigration Office to have it endorsed in the passport;
7. When the officer returns to campus, the student permit is copied and the original along with the passport is returned to the student;
8. **Processing time is totally dependent on the Immigration Department of Government of Trinidad & Tobago**
9. An application accepted by the University does not guarantee that a student will be issued a student permit – The Chief Immigration Officer is the final authority on granting a student permit to any foreign national.
